

We have reviewed how we are supporting our Practice Partners with the SSSA standards.

Moving forwards from February 2020 we will offer three monthly sessions to support Practice Assessors and Practice Supervisors, the dates and times for each session are listed on the following slides.

Session 1 – Half Day workshop for existing mentors to transition to Practice Assessors – attendees will need to have previously been a mentor and hold a mentorship qualification.

Session 2 – Practice Assessor Support forum - this is a drop-in session designed for Practice Assessors to share their experiences and queries facilitated by the Practice Leads from UWL. The intention is to develop a community to promote good practice and support for Practice Assessors across all of our Practice settings.

Session 3 – Full Day workshop for new Practice Assessors – This will need to be booked by emailing joanne.day@uwl.ac.uk or amanda.o'farrell@uwl.ac.uk , all attendees will have to have completed the Pan London e-learning modules and we will request that they send evidence of completion when booking on to these sessions. We are returning to the full day as advised by Pan London to allow for more in depth and interactive learning during this session.
